Cope Foundation in Cork Communities

We need a volunteer to help maintain small gardens surrounding four residential houses.

Gardener - Hollyhill

We need a volunteer to help maintain small gardens surrounding four residential houses in Hollyhill.

The volunteer will keep the garden area free of debris and litter, plant, water, feed, trim and fertilize various plants and do weeding as required. The volunteer should have an interest and some knowledge of gardening.

Suggested times are Tuesday 10AM to 12PM and/or Thursday 12PM to 2PM. The time can be flexible to suit the volunteer. This is a residential service, and it is open seven days a week.

Having a well-maintained outdoor area to enjoy is important to the people we support and their family's when they visit. Volunteers will get to experience and see the impact that this makes to the people we support.

The time involved is 2 hours per week

Hollyhill
