

HORIZONS

Cope Foundation in Cork Communities

We are looking for a volunteer that will accompany a Cork City Soccer fan to see matches

Support Assistant – Cork City Soccer Matches

We have someone we support in the Montenotte area who is a big Cork City fan! One of his personal goals is to attend more games but he needs some help to do so.

Are you over 23 years old with a full clean driving licence and also a Cork City fan? If so this could be an ideal opportunity for you to do some very fun and rewarding volunteering with us.

A volunteer is needed to drive this man, a staff member and another person from our service to the Cork City games. An interest in people with an intellectual disability and a fun, caring nature are essential. The time involved is approximately four hours on Friday evenings every fortnight. All costs incurred would be reimbursed.

You will get great reward from making friends with this man and helping him to pursue his hobby and complete a personal goal.

The time involved 4 hours fortnightly.

Cork City area
